## ***CDI Quality Policy Statement***

“Component Distributors Inc. is a top-level distributor which strives to have the correct product available to fulfill customer needs when they need it; to maximize customer satisfaction with the service provided; achieve and continuously improve upon a level of quality which enhances the Company's reputation and comply with relevant statutory and regulatory agencies.”

Employees at CDI are responsible for understanding the quality system and maintaining quality in their area. Regular reviews of the quality policy and quality objectives by the management team determine its continued suitability.
